To

Subject: Bonemeal.

The question of fixation of price of bonemeal was considered at a Conference held in the Ministry of Agriculture on the 23rd August 1949 at which representatives of the principal bone mills in India were present. As a result of this Conference and after considering the various view points put forward it has now been decided by the Government of India to decontrol the price of bonemeal with immediate effect and allow it to be sold within the country at its own price level.

Bonemeal will not, however, be allowed to be exported outside the country.
